Emergency Phone Numbers

Fire:	911
Police:	911 or 415.553.0123
Ambulance:	911
Security:	415.503. <u>6280</u>
Chief Facilities Engineer	415.503. <u>6218</u>
Asst. Chief Engineer:	415.503. <u>6370</u>
Facilities Shop:	415.503. <u>6225</u>
Plan Administrator:	415.503. <u>6237</u>

Emergency Information Phone Numbers

Main Conservatory Line:	415.864.7326
Conservatory Emergency Info. Line	866.706.7326
Red Cross 24 Hour Emergency:	415.427.8000

Emergency Alert Radio Stations

All radio stations should be equipped with emergency alert systems. Recommended emergency broadcast radio stations include but are not limited to:

KGO-810 AM
KCBS-740 AM
KQED 88.5 FM

Reporting Emergency Situations

Immediately report any emergency to Security at 503-**6280** or by using the red emergency button on the hall phones. Security will contact emergency services and alert occupants.

x

6280

Types of Building Alarms

Fire Alarm (Whole Building): You will hear a whooping tone with an automated evacuation message and see strobe lights. When accessible, the **PA system** will be used to give additional information while the fire alarm is ringing. **Immediate Evacuation is required.**

Emergency Exit Door Alarms (Local): You will hear a horn or buzzer coming from the door. Please report such alarms to security.

Manual Fire Pull Station Tamper Alarm (Local): a buzzer will sound from the plastic cover. Please report such alarms to security.

Local alarms do not require building evacuation.

Emergency Kits

Emergency kits include tape, duct tape, glow tubes, wind-up flashlights, respirators, multipurpose hammer, crowbar, screwdriver, and water filter. Emergency Kits and radios are available in the following locations:

- Security Post (Entrance)
- Library (6th floor)
- Faculty/Staff Lounge (4th floor)
- Student Lounge (5th floor)
- Dean's Office (2nd floor)

First Aid Kits

First Aid kits are available in the following locations:

- Security Post (Entrance)
- On every floor adjacent to the elevators
- Library (6th floor)
- Student Lounge (5th floor)
- Faculty/Staff Lounge (4th floor)

Emergency Procedures

In the event of fire:

All occupants will **evacuate immediately** by means of the nearest available exit (see *Evacuation Procedures* on page 8).

Anyone may **activate** the **fire alarm** by the emergency pull stations **next to the stairwell doors**.

Floor Wardens may assist in evacuation when present.

Conservatory employees and students will **keep track** of their **visitors** and report their status.

Notify Security of occupants who have not evacuated.

Follow any additional **instructions** by emergency personnel.

In the event of an Earthquake:

Drop, Cover and Hold. Remain calm, and stay inside.

Drop under a sturdy desk or other heavily constructed furniture if immediately available; **otherwise**,

Drop down by the **inner wall**, facing away from glass, tall furniture, and hanging lights.

Cover your **head**.

Hold and remain in **position** until you are sure the shaking has stopped.

Wait for instructions over the PA system. If you do not receive a PA announcement, and it is safe to move, call security at 503-**6280**.

In the Event of a Threat of Violence:

Treat all threats or rumors of violence **as real**.

If you are in danger of bodily harm or consider a threat to be immediate:

Move away from the threat and go to the nearest visible exit, office or classroom.

Close and barricade the door, and turn out the lights.

Call 911. Then call security at 503-6280.

Silence your mobile phone.

If you become aware of behaviors that may **pose a security risk** or hazards, **call security** at 503-6280.

If you observe a weapon or are informed that someone on campus is in possession of a weapon:

Move away to a safe place.

Call Security at 503-6280 or use the red emergency button on the hall phones and call **911**.

If you are informed of someone's intent to cause harm or damage, immediately **call Security** at 503-6280 or use the red emergency button on the hall phone and call **911**.

In the Event of an Active Shooter in the Building:

If you are in an area of the building, where you hear gun shots or see a person(s) with firearms, move as far away from the shooter(s) as possible.

If the **exit is within your line of sight**:

Leave the building, holding your arms in the air.

Get to a safe place.

Call **911**.

Call Security.

If you do not know the location of the gunfire, and an exit is not within a clear line of sight:

Make your way into the nearest office or classroom. *Inform people in the classroom or office of the incident in progress.*

Barricade the door, turn off the lights, and move away from the line of sight of the interior windows.

Call 911.

Call Security.

Silence your phone.

Wait quietly and hold your place, until you hear an announcement through the Public Address system.

If you should find yourself trapped with an active shooter, whether in the Atrium or in an office or classroom, you will have to use your best judgment. There are no ways to predict an outcome. If shots are not being fired, you may:

Avoid actions that provoke the armed individual(s).

Do what the armed individual(s) says.

If shooting starts in your immediate vicinity, you must decide whether to:

Stay still.

Run for an exit.

Attack the armed individual.

When you call 911, report:

Your name

Location of the incident (be as specific as possible)

Number of shooters (if known)

Identification or description of shooter(s)

Number of persons who may be involved

Your exact location

Injuries to anyone, if known.

Emergency Exit Procedure

Do not pause to collect personal belongings. **Simply exit.**

Walk, do not run, directly to the marked emergency exit, closing doors behind you.

If smoke is present, drop down, and **continue exiting** on your **hands** and **knees**.

Feel doors with the **back of your hand** for heat before opening. If the exit is not safe, use alternate emergency exits.

Once outside of the building, **proceed directly to the relocation area** around the adjacent parking lot at Franklin and Oak.

Avoid unnecessary conversation so Emergency Coordinators can issue and receive instructions.

Do not block the **exit doors**.

Do not block the **street**.

Do not re-enter the building until the fire department, Conservatory Emergency Coordinators and/or Security give instructions to do so.

Evacuation Procedures for Handicapped or Disabled:

Security should already have a record of people in the building with mobile impairments.

If evacuation is necessary, **go to the nearest Emergency Exit** stairwell entrance and **wait for assistance**.

Please do not attempt to walk down the stairs without assistance. Also, please do not attempt to use the elevators.

If a floor warden or emergency response team member is present, they will report your location to security.

If this is an actual emergency, the Fire Department will send emergency personnel to assist you out of the building. You can report your location to security by using the red emergency button on the hall phones located near the stairwell entrances.

Training and Drills

All employees and students are required to read the Emergency Action Plan and to remain aware of the emergency procedures it contains.

All employee and students are required to familiarize themselves with the location of the facilities emergency exits (See emergency evacuation plan near the stairwell entrances on every floor).

All employees and students are required to participate in Fire Drills and any mandatory training conducted by the Conservatory.

For further assistance with emergency evacuation procedures, the following departments and/or people may be contacted:

Facility Engineers (503-**6218** or 503-**6370**)

Security (503-**6280**)

Human Resources (603-**6237**)

This plan is intended to provide only general guidelines. In the event of an emergency, always use your best judgment to determine the safest action.
